

# Need a Reminder?

Some teachers are using the **REMIND** app to send messages to students about what they need to remember for their classes. These could include reminders about homework or exams, or other activities happening in class or at school.

While students may already be receiving these messages, parents are also encouraged to join a teacher's **REMIND** group. To join, you will need the codes and/or phone numbers from the chart below.

TEXT the number then, In the message, type in the code for the class.
